Hi Paula,

A huge thank you to the staff at Momentum Support who continue to support Blanchardstown Centres 'Local Heroes' initiative which enables us to package and distribute hundreds of 'Care Packs' to local community services that care for the elderly and disabled tirelessly throughout the COVID-19 pandemic. Without the support of Momentum Support day in and day out, it would not be possible for us to gather the volume of donated items for distribution. Working together with Momentum Support has allowed the team at Blanchardstown Centre to bring joy to those in need in our local community.

Please pass on my sincerest thank you to all involved.

Warm regards,
Niamh

This is Gabriela ❤️ She's expecting a baby in a few months and works in the Mater's Emergency Department as one of the amazing cleaning staff. Please wish her congratulations and a message of support for her work in helping to support infection control 🙏

"I am 16 weeks pregnant with my first child. At first, I was a little concerned about my safety but my GP reassured me that once I continue to wear PPE and wash my hands correctly, my baby will be safe. I think it is important for me to come into the hospital and continue to do my job well.

I am always busy but at the moment there is extra cleaning needed to disinfect doors, windows, equipment, waiting rooms etc. I never feel I am on my own in the Mater; we are working side by side on the one team! I'm proud of myself for the job that I do, and every night I pray for mercy for my family and my Mater family."
