Momentum supports its Stakeholders through Momentum Support achieving the Business Working Responsibly mark Certification. Thank you to all our people who have contributed to our success. This is a validation of our true commitment to CSR and Sustainability.

Momentum Support has achieved the Business Working Responsibly mark certification for responsible and sustainable business practices. The Mark, developed by Business in the Community Ireland and audited by the NSAI, is the leading independently audited standard for CSR and Sustainability in Ireland. It is based on ISO 26000."

🎉

We are absolutely delighted at achieving the Business Working Responsibly mark. The external assessment not only validates the collective efforts of all our people, but truly underpins our core values and ongoing commitment to execute responsible business practices.
