Cleaning & Security Solutions for Business

CONNECT WEEKLY

HEART TO HEART with the EDITOR

Name: Dr Paul Delaney
Position: Head of Security
St. Vincent's Private Hospital

When did you join Momentum Support and how has your career progressed within the company?

I joined Momentum Support on the St. Vincent's Private Hospital Site on the 14th November 2010 as a Security Officer. Within two months, I had established an excellent working relationship with the client. I believe through living the company value "We value our customers" and consistently delivering high standards in the field of Customer Service I was promoted to Security Supervisor.

Momentum Support as a company pride themselves on the ethos of promoting from within. As a policy this really worked well for me! My career progression continued in 2014 when I was promoted to Security Manager. A proud moment for me was when the client requested within the hospital my title is Head of Security.

What does your role as Head of Security, St Vincent's Private Hospital entail?

As Head of Security, I am responsible for advising the client on the Security of the building, staff and patients. I have a key role in the training within the Security Department specifically managing all the training requirements of the Security Team to reach the high competency expected by JCI (Joint Commission International) In recognition of my abilities the hospital appointed me to a number of hospital policy committees: Security, fire safety, access control and lone worker.

Momentum Support recently became a signatory of Business in the Community Ireland Elevate Pledge. How do you feel we can impact Diversity and Inclusion in the Workplace?

I believe it is important that we encourage everyone to educate themselves on Diversity and Inclusion. It is possible people have inbuilt biases. We need to challenge the pre-conceptions within our thinking. Force ourselves to walk a mile in the other persons shoes before judging them.

CONNECT WEEKLY

Tell us about your hobby?

I have two principal hobbies: Freemasonry and Photography. Freemasonry is a major commitment of my personal time. The benefits for me are the amount of Charity work we perform. In 2019 I had the opportunity to be involved in Freemasonry event management. I organised and ran a Fashion Show raising 10,000 Euro for Dogs for the Disabled.

I am currently halfway through a Photography degree course. I hope that when I retire photography will provide a supplemental income. It will also lead to fulfillment in retirement.

Tell us one thing that people may not know about you?

In 2018 I achieved the highest-ranking player in Mass Effect 3 in Europe. Mass Effect 3 is a role-playing video game, first person shooter.

What is your perfect holiday destination?

Walking the Inca Trail to Machu Picchu.

On one final note ...

Educate yourself, ignorance is a choice in the 21st Century.

*As part of Photography degree course submission:
Japanese Garden. Powerscourt Co Wicklow.*

What are you most grateful for?

I am most grateful for the Support of my husband Paul. We have been together for fourteen years and celebrated our marriage five years ago when Ireland stunned the world by voting YES to marriage equality.
